

PRODUCT DATASHEET

SOLAR BOLLARD LIGHT 5W

LOOX SOLAR BOLLARD LIGHT LED | LED outdoor luminaires

Areas of application

- Walkways
- Parks
- Gardens

Product benefits

- High energy savings with efficient solar technology
- Fully integrated solar technology
- High quality aluminum housing
- Luminaire designed for easy maintenance
- Low maintenance and operation costs due to long lifetime of LED
- Good color consistency
- Good color rendering

Product features

- Beam angle: 360 degree
- Type of protection: IP65
- Efficient lighting with high energy saving by solar energy and sensor system

TECHNICAL DATA

Electrical data

Nominal wattage	5 W
Supply voltage	3.2 V
Color temperature	2700K

Battery data

Battery capacity	1500mAh
Charging time	4-8 hrs
Working time	8-10 hrs with dimming option

Dimensions & Weight

Product weight	320g
Dimension	325*125*125mm

Panel

PV Panel	5.5V 1W
Panel size	85*85mm

Features

Type of protection	IP65
Mounting location	Ground
Application environment	Outdoor
