

PRODUCT DATASHEET

SOLAR BARRICADE LIGHT 1W

LOOX SOLAR BARRICADE LIGHT LED | LED outdoor luminaires

Areas of application

- Construction sites
- Road work sites

Product benefits

- High energy savings with efficient solar technology
- Fully integrated solar technology
- Luminaire designed for easy maintenance
- Low maintenance and operation costs due to long lifetime of LED
- Good color consistency
- Good color rendering

Product features

- Type of protection: IP65
- Efficient lighting with high energy saving by solar energy and sensor system

TECHNICAL DATA

Electrical data

Nominal wattage	1 W
Voltage	1.2V
Visual distance	500-800m

Battery data

Battery capacity	1000mAh
Charging time	6-8 hrs
Working time	7 days

Dimensions

Dimension	175*280mm
-----------	-----------

Features

Type of protection	IP65
Dimmable	Yes
Mounting location	Barricade
Application environment	Outdoor
