

PRODUCT DATASHEET

SOLAR WALL LIGHT 10W

LOOX SOLAR WALL LIGHT LED | LED outdoor luminaires

Areas of application

- Building facade
- Walkway
- Car parking
- Gardens

Product benefits

- High energy savings with efficient solar technology
- Fully integrated solar technology
- Luminaire designed for easy maintenance
- Low maintenance and operation costs due to long lifetime of LED
- Good color consistency
- Good color rendering

Product features

- Beam Angle : 180
- Type of protection: IP65
- Efficient lighting with high energy saving by solar energy and sensor system

TECHNICAL DATA

Electrical data

Nominal wattage	5 W
Color temperature	2700 - 4000 - 6500 K
Color rendering index Ra	70

Battery data

Battery capacity	2400mAh
Charging time	6-8 hrs
Working time	6-8 hrs with dimming option

Dimensions & Weight

Product weight	303g
Dimension	196*122*47mm

Features

Type of protection	IP65
Dimmable	Yes
Mounting location	Wall
Application environment	Outdoor
