# PRODUCT DATASHEET

## SOLAR STRING LIGHT 5W LUMINATION

### Areas of application

- Garden
- Walkways
- Residence exterior
- Yard
- camping

---

### Product benefits

- High energy savings with efficient solar technology
- Fully integrated solar technology
- Luminaire designed for easy maintenance
- Low maintenance and operation costs due to long lifetime of LED
- Good color consistency
- Good color rendering

---

### Product features

- Type of protection: IP65
- Efficient lighting with high energy saving by solar energy and sensor system

---

## TECHNICAL DATA

### Electrical data

Nominal wattage	5W
Color temperature	2700k

### Battery data

Battery capacity	360mAh
Charging time	4-6 hrs
Working time	4-8 hrs

### Features

Type of protection	IP65
Mounting location	hanging
Application environment	Outdoor

---
